Dear Mr. & Mrs. Weisberg:

My wife and I wanted to thank you for your hospitality and good company in early October when we visited you with my father, Harv.

I've always wanted to meet you both and I enjoyed our conversation at Dutch's Daughter restaurant. Thanks again for the gift of your books --- I look forward to reading them soon.

When we are next in Frederick, we would love to visit you again and maybe do some

research in your archives. We will of course phone you before coming.

Have a great Thanksgiving and call us if you ever need anything from Washington.
